# Terms of Care - Our Cancellation Policy

## Please Read Carefully!

**By signing below, I agree that I have read in full and will adhere to the following office policies without exemption:**

- Patients are solely responsible for tracking and keeping any appointments scheduled online or via the front desk.
- If you are 15 or more minutes late, you have missed your appointment and are responsible for full payment of your appointment cost.
- If you're sick, please keep your appointment (we can help!). If you're too ill to drive, contact us ASAP.
- Cancellations must be 48+ hours in advance to avoid a cancellation fee.
- The fee for cancellations under 48 hours is half the appointment price.
- The fee for cancellations under 24 hours is the full appointment price.
- The fee for no-shows and late arrivals by 15 minutes or more is the full appointment price.
- Three missed appointments in a row results in a discharge from care.
- Email reminders are in no way guaranteed, and they do not affect the cancellation policy in any way.
- If I do not read my appointment reminder correctly, or if my device causes a skewed representation of my appointment time via email reminder, I know that I am nonetheless responsible for my appointment time as it is scheduled in Dr. Rozenn's appointment software. I know that I am subject to cancellation fees if I miss my appointment for this reason. I know that email reminders are a courtesy only and relying on email reminders is an inappropriate way to keep track of my appointments.

## Informed Consent to Acupuncture Treatment and Care

I hereby request and consent to the performance of procedures which are within the scope of a California license to practice acupuncture. This includes, but is not limited to, acupuncture treatments on me (or on the patient named below, for whom I am legally responsible) by the acupuncturist named below and/or other licensed acupuncturists or students who now or in the future treat me while working under, associated with, or serving as backup for Dr. Maureen Rozenn.

I understand that methods of treatment may include, but are not limited to, acupuncture, moxibustion(moxa) and heat therapy, cupping, electro-acupuncture, medical massage modalities such as Tui-Na or Mayan Abdominal Therapy, dietary supplements, herbal therapy, and nutritional counseling. Moxibustion and heat therapy including heat lamps, tiger warmers, cone, pole and Japanese moxibustion may cause discomfort and in rare cases may cause burns. I will alert the acupuncturist, or person supervising the progress of my moxa treatment, immediately if any type of heat therapy is uncomfortable. The acupuncturist may choose to perform a form of moxibustion which consists of placing small rice sized pieces of moxa on an ointment barrier and lighting them to stimulate certain acupuncture points. I will decline the procedure if I do not wish to receive this or any other treatment.

I understand that acupuncture treatments are generally safe, but may have some side effects including bruising, numbness or tingling near the needling sites that may last a couple of minutes to a few days, dizziness or fainting, and nausea. I will notify the acupuncturist immediately if I feel uncomfortable at any time during or after treatment. There have been instances reported of spontaneous miscarriage and pneumothorax, although these side effects are very rare. Infection is another possible risk, although the acupuncturist only uses sterile, disposable acupuncture needles.

Herbs that have been used in treatment, or are recommended, are traditionally considered safe in the practice of Oriental Medicine, but may be toxic in large doses. Some of the possible side effects of taking herbs are: nausea, gas, hives, rashes, diarrhea, vomiting and tingling of the tongue. If I experience anything unusual during herbal treatment I will notify the acupuncturist immediately. I understand that some herbs and other therapies may be inappropriate during pregnancy. I will notify the acupuncturist if I think I may be pregnant.

Oriental medicine can be used to treat pregnant women for all sorts of disorders ranging from low back pain to the common cold. I understand that while labor induction and pain management during labor are within the acupuncturist's scope of practice, she does not specifically induce or treat women in labor. Treatment (pre-birth treatments) can be administered to prepare women for labor. Also, there are specific points and techniques traditionally used to help the mother promote correct fetal position. When treatment appropriate for my Chinese medical diagnosis is given during the last few weeks of pregnancy, or when past the due date, labor may start or a breech baby may turn. I understand this is a possibility and that if I am not willing to take this risk I will refuse treatment.

Cosmetic acupuncture results are not guaranteed. Facial skin is delicate and full of superficial blood vessels. Bruising can occur and scarring is a theoretical possibility.

I understand that while this document describes the major risks of treatment, other side effects and risks may occur. I do not expect the acupuncturist to be able to anticipate and explain all of the risks and complications. I wish to rely on the acupuncturist to exercise judgment and perform, during the course of my treatments, based upon the facts then known, the therapy that is in my best interest.

I understand that results are not guaranteed. I have read, or have had read to me, the above consent to treatment, have been told about the risks and benefits of acupuncture and other procedures, and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future conditions for which I may seek treatment.

### **Hello, and welcome to my practice!**

Congratulations on taking the first step to better health! As a Doctor of Acupuncture and Oriental medicine, I practice Integrative medicine. My tools include acupuncture, herbal therapy, diet and lifestyle counseling, and nutritional supplements. I utilize Western lab reports when appropriate, as well as traditional Oriental diagnostics, to guide your treatment and help you reach your personal health goals.

During our first meeting we will go over your health history. So, along with the enclosed paperwork, **bring any herbs/supplements/drugs you are currently taking** to your first appointment. Be sure to bring any pertinent lab work and imaging reports.

In accordance with ancient teaching methods of Oriental medicine's tradition, Endless Possibilities Acupuncture, Inc. is an education-focused practice. Chinese medicine students, known as interns, assist me daily with various clinic duties. This includes observing patient visits, taking chart notes, and preparing patient materials based on my instructions during your appointment. If for any reason you do not wish to have a student observing your visit, please let me know, as your comfort is most important.

Please allow 2 hours for your initial visit. The cost of the first visit is \$215.00. These visits last approximately 2 hours. Women's Fertility Visits are \$250.00 and last approximately 2.5 hours. Follow up visits, which include an office visit and acupuncture, are \$135.00 and last between 60-75 minutes. These estimates include time for parking, checking out, etc. While I do not bill insurance directly, you may request an insurance receipt when checking out at the end of your visit. If you have any questions about this, please ask my assistant at the front desk. **If you need to cancel or reschedule, please notify us at least 48 hours in advance by phone or email to avoid a late-cancellation fee.**

My schedule tends to book out in advance, with most appointment openings falling about six weeks from the current date. If you need your planner to book ahead, please bring it. If you can't get in on the appointment date you need, do not worry! We have a very effective cancellation list, and my associate Katie Tobiska, LAC, is also available for appointments. For more information about Katie, visit our website, listed below.

Ultimately, Chinese medicine is most profound when treated as a **partnership between doctor and patient**. If we work together, you will learn more than you ever dreamed about your body, including how to maintain the balance we achieve in the clinic... in your own life, on your terms.

For more information about me and my practice, visit my website [www.AcupunctureSantaCruz.net](http://www.AcupunctureSantaCruz.net). You can contact my office at [office@AcupunctureSantaCruz.net](mailto:office@AcupunctureSantaCruz.net). I look forward to your visit!

Sincerely,

Dr. Maureen Rozenn, LAC, DAOM, FABOR
